

Accessing your HSA Account

1. Start by registering an account with UHC. Through this account, you have resources to your medical, prescription and HSA savings accounts.
 - Go to myUHC.com or download the UnitedHealthcare app using the scan code at the bottom
 - Tap **Register Now** on the app, or select **Register** on the website
 - Fill in the required fields and create your username and password
 - Enter your contact information and select SMS text or phone call for two-factor authentication then agree to the terms and conditions
 - If agreeable, opt in to the paperless delivery from your communication preferences
2. When your account is setup, you can access your Optum Bank HSA balance at any time on the myuhc.com® homepage.
 - On the home tab, click **My account and spending**
 - Click **Manage HSA**
 - Click **Manage your Optum Bank HSA**
 - You will then be taken to the Optum Bank site where you will be able to access your plan details quickly, pay bills, pay yourself, make contributions and much more!
